'work together . . . . . and prosper'

We have used Pristine Cleaning for two years at Longacre, Bingham to clean the windows of 22 flats on three levels.

There have been no complaints from any residents and they have proved to be very efficient, always arriving as expected.

I can thoroughly recommend their services, especially to Property Management Groups looking for a reliable window cleaning company.

On behalf of Longacre Bingham (2005) Management Ltd.
